HAPPY NEW YEAR FROM MUSKIES, INC.

As we turn the page to a brand-new year, we'd like to extend our heartfelt wishes to all our members, families, and friends. May the year ahead bring you health, happiness, and plenty of time on the water in pursuit of the fish we all love.

We're grateful for your continued support and passion for the conservation, research, and enjoyment of muskellunge fishing. Together, we've accomplished so much – and 2025 promises even greater opportunities to grow, protect, and promote this incredible sport.

Here's to a year full of great catches, lasting memories, and strong community. Tight lines and best wishes for a healthy, happy New Year!

– The Muskies Inc. Team

ALL FOR ONE, ONE FOR ALL

As we look ahead to 2026, one thing is clear: Muskies, Inc. continues to be one of the most influential organizations in muskie fishing—and that influence comes directly from its members and chapters. While each chapter operates in its own orbit with meetings, tournaments, fundraisers, and community projects, we are all united by a shared mission.

To better understand the true scope of that impact, MI recently surveyed its chapters to capture what has been accomplished over the past five years. The focus was on youth involvement, stocking, fisheries research, clean water, habitat, and community outreach. What the survey revealed was both powerful and inspiring, reinforcing an old but fitting phrase: "All for one, and one for all."

The collective effort of MI chapters and members has shaped the present and is building a strong future for muskie fishing. The full story—along with eye-opening insights into what your organization has achieved—is featured in the January-February issue of MUSKIE.

Don't miss it—to see the impact you've helped create, be sure to read the President's Message in the January/February issue of MUSKIE.

Sincerely,
Steve Worrall,
VP Communications & Marketing
