

MI Fisheries and Research Grants provided by the Gil Hamm Memorial Fund

The Muskies, Inc. Fisheries and Research Committee is utilizing the following procedure for Application to the Gil Hamm Legacy Fund for Muskie Research Grant Requests. Our goal is to provide an equitable and timely method for dispersal of available funding to MI Chapters for their needs.

Grant Request Acceptance Period:

April 1 – July 31

Grants must be submitted on Application Form provided on-line via Muskies, Inc. Website or by request from the Committee.

Fisheries and Research Committee Review, Prioritize and Approve Period: August 1 – September 30

The committee will make decisions based upon the goals of MI, Criteria includes:

Potential impact on the fisheries as a whole.

Potential impact on a particular fishery.

Applicant Notification, Funding Dispersal:

October 1 – December 31

Notes:

Chapters limited to one Grant Request per cycle.

Individual Requests will be limited to \$3000.00. In some cases, the Committee may offer the submitter a reduced amount than in the original request.

A Chapter previously receiving a Grant may not resubmit until current project completes. The Committee is unable to entertain multi-year funding proposals at this time.

Individual Requests not fulfilled in current cycle must be re-submitted the next cycle, they will not be carried over since projects and situations are likely to change.
